

INTRODUCING THE

# PROGLOW

Long-lasting LED light stick designed to reduce your lighting cost

FISHTEK  
MARINE

TECHNOLOGY THAT WORKS FOR FISHERMEN AND THE ENVIRONMENT

## A tough lightweight fishing light for line fishing

Effective at increasing your catch rates whilst decreasing your costs

### Cost Effective

10 times cheaper over 1 year than using chemical light sticks.

### Long Battery Life

1700 hours battery life (based on superbright model).

### Highly Effective

Increase your catch rates (constant bright light throughout duration of set).

### Auto Immersion Switch

On/off in water.

### Easy to Use

Multiple attachment options available (split ring, locking collar, ProGlow snap).

### Durable

Tough polycarbonate housing, depth rated to 1000m.

### Fit and Forget

Proven to not interfere with fishing operations.

Available in a range of colours and brightness: flashing or constant  
Green, white, blue and disco.
