DESIGNED FOR MIXED APPLICATION

Two ways to catch scallops

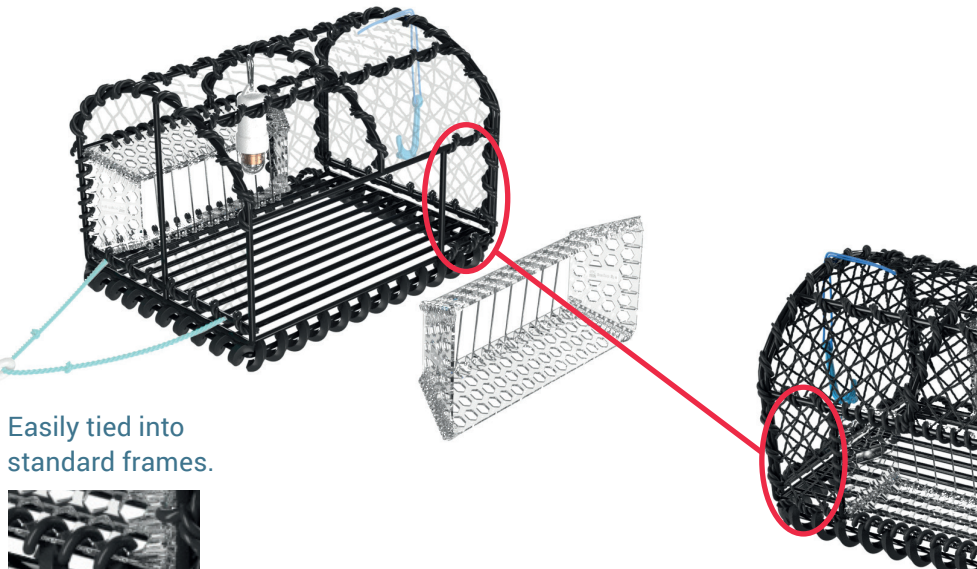

Boosting crab catch with scallops.

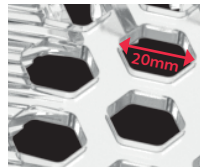

Scallop only.

FITTING METHOD

ScallopEyes are easily added to new frames but can also be retro-fitted to old pots.

Easily tied into standard frames.

If fitting ScallopEye to smaller pots such as 24" frames, allow for a section of netting on the end of the pot opposite the bridal for the scallops to tumble down to on hauling operations.
