PATENT PENDING

POTLIGHT PRO (PAT.) FITTING INSTRUCTIONS

BATTERY REPLACEMENT

Alkaline D-cell batteries should be used.

Step 1

Unscrew cap in a clean and dry environment.

Step 2

Replace battery ensuring polarity is correct.

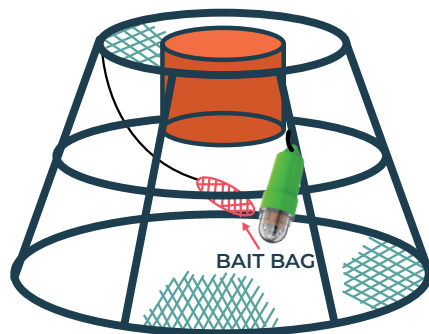

Step 3

Make sure thread and O-rings are free from dirt. Apply additional lube to O-rings if required. Screw base and cap firmly together ensuring O-rings become compressed.

To prolong the life of the PotLight, batteries should be replaced in dry and dirt-free environments.

FITTING THE POTLIGHT PRO INTO POTS AND TRAPS

Lights can be attached to the insides of the pots with either a conventional snap clip and split ring or simple cable ties.

RECOMMENDED USE: ONE LIGHT PER POT OR TRAP.

TECHNICAL SPECIFICATIONS
